IMPORTANT WARNING

1. On behalf of your organization (the "Purchaser") you have purchased a single license personal to you to access, read and use this Mintel report, and you are hereby agreeing prior to reading any of the report itself, on behalf of the Purchaser, that it will comply with Mintel's conditions of supply hereafter described. Once the Purchaser, or any person within it, has had access to any report or part of a report published by Mintel International Group Limited, (a "Mintel report") protected under these conditions, you are agreeing that your organization as a whole, and the individuals within it, are deemed to be aware of, and consent to, these conditions hereafter in respect of all Mintel reports.

2. The purchase, use or reading of any Mintel report on a United States market containing Information Resources Inc (IRI) InfoScan data by (or disclosure to) a Non-Participating Retailer or its employees (or agents/professional advisors working on its account) is prohibited. A Non-Participating Retailer is a retailer and its subsidiaries each as defined by IRI, where it, or one of its associated companies, has declined to participate in IRI's InfoScan information service by not providing its data to IRI in the United States of America. A current written list of Non-Participating Retailers and subsidiaries (as notified to Mintel by IRI) is available from Mintel at any time, or as linked through the latest set of terms and conditions as displayed continuously on Mintel's web-site at <http://reports.mintel.com>. The Non-Participating Retailers as at February 1, 2008 are Wal-Mart, SAMS CLUB, and Costco.

3. Unless otherwise agreed in writing in advance by Mintel, this Mintel report and all other Mintel reports (in whole or in part) may not be sold, nor passed on, communicated or disseminated in any form (including within its original covers), nor access granted, to any third party (including but not limited to clients/potential clients/suppliers/agents/partners in other ventures/accountants/solicitors/bankers/brokers/licensed), or to any subsidiary, associated or holding company (whether direct or indirect) of the subscriber, whether trading or non-trading, or to any entity trading under the same umbrella trading name where the direct equity interest is different in any way to that of the subscriber. The Purchaser is agreeing that in the event that any of its personnel inadvertently do so allow unlicensed usage or access by others as detailed above, that it will account to Mintel in full for the sales proceeds at the then current prevailing single copy price as set by Mintel from time to time, for each and every occurrence, and further that the Purchaser fully and effectually indemnifies Mintel in respect of any claim howsoever arising by any such subsequent unlicensed user against Mintel. Similarly, if any other piece of identified Mintel material, amounting to a section or more, becomes available to the Purchaser by virtue of a breach of this term by any third party, which is then read or used by the Purchaser in any way, that the Purchaser is hereby agreeing to purchase a copy of the report containing that piece of intellectual property from Mintel at the then current prevailing single copy price as set by Mintel from time to time for each and every occurrence, (unless at Mintel's sole discretion the money is sought and subsequently remitted by the original subscriber), and to abide by Mintel's license terms.

4. The Purchaser acknowledges that all materials and information contained in Mintel reports are the copyright property and confidential information of Mintel and are protected inter-alia by the Copyright Law of the United States of America and Related Laws Contained in Title 17 of the United States Code and other intellectual property rights and also by the terms of this agreement, and that no rights in any of the materials are transferred to the Purchaser. The Purchaser agrees the Copyright Law of the United States of America and Related Laws Contained in Title 17 of the United States Code is only relevant where Mintel has not sought and secured protection elsewhere in these conditions, or indeed where sections are expressly excluded, without prejudicing the enforceability of the remainder of the Title. The Purchaser agrees that the provisions of Section 107 of Title 17 of the United States Code and sections 29 and 30 of the Copyright, Designs and Patents Act 1988 shall not apply to the use to be made by the Purchaser of the Report. The Purchaser undertakes that it will not copy, reproduce, print or store in any manner (electronic or otherwise), extract or transmit in any form or otherwise deal with in any way the whole or part of the data, materials or information contained in this Mintel report.

5. The Purchaser (or any subsequent user, whether licensed or unlicensed who reads this report) agrees it will not place financial reliance upon any figure, statement or inference contained within any Mintel report, or arising from investment from others, without first obtaining the written consent of Mintel's Company Secretary so to do. In the event that the Purchaser (or any subsequent user, whether licensed or unlicensed) does not follow this procedure, it (or any subsequent user) agrees to fully and effectually indemnify Mintel against any claims, howsoever arising, and to draw specific attention to the fact that this consent has not been obtained.

6. The Purchaser is responsible for complying with all local, state and federal laws pertaining to the use and disclosure of any data. The Purchaser acknowledges that the Report may include views, opinions, and recommendations of individuals or organizations whose thoughts are deemed of interest, but that Mintel does not thereby endorse such views, give investment or professional advice, or advocate any course of action.

7. The Purchaser agrees that the report is provided "as is". Mintel makes no representation or warranty with respect to the accuracy, completeness, or currentness; and Mintel specifically disclaims any other warranty, express or implied or statutory, including any warranty of merchantability or fitness for a particular purpose. Mintel shall not be liable on account of any such errors, omissions, delays, or losses, the purchaser agrees that in no event will Mintel be liable for the results of the purchasers use of the report, purchasers inability or failure to conduct its business, or for indirect, special, consequential, or exemplary damages (even if advised of the possibility of such damages) arising from the use of or inability to use the report or any other provision of this agreement, such as, but not limited to, loss of revenue, anticipated profits or business, or the cost of procuring a substitute report. In the event state law regarding exclusion or limitation of warranties or damages may limit the applicability of the above limitations, the total aggregate liability of Mintel for any claims, losses or damages shall not exceed the charges payable by the purchaser for the report.

The Purchaser agrees to indemnify, defend and hold Mintel harmless from and against any claim made by any third party arising from or in any way connected with the use of the Report by Purchaser.

IMPORTANT WARNING

1. On behalf of your organization (the "Purchaser") you have purchased a single license personal to you to access, read and use this Mintel report, and you are hereby agreeing prior to reading any of the report itself, on behalf of the Purchaser, that it will comply with Mintel's conditions of supply hereafter described. The Purchaser undertakes that it will not copy, reproduce, print or store in any manner (electronic or otherwise), extract or transmit in any form or otherwise deal with in any way the whole or part of the data, materials or information contained in this Mintel report.

5. The Purchaser (or any subsequent user, whether licensed or unlicensed who reads this report) agrees it will not place financial reliance upon any figure, statement or inference contained within any Mintel report, or invite investment from others, without first obtaining the written consent of Mintel's Company Secretary so to do. In the event that the Purchaser (or any subsequent user, whether licensed or unlicensed) does not follow this procedure, it (or any subsequent user) agrees to fully and effectually indemnify Mintel against any claims, howsoever arising, and to draw specific attention to the fact that this consent has not been obtained.

6. The Purchaser is responsible for complying with all local, state and federal laws pertaining to the use and disclosure of any data. The Purchaser acknowledges that the Report may include views, opinions, and recommendations of individuals or organizations whose thoughts are deemed of interest, but that Mintel does not thereby endorse such views, give investment or professional advice, or advocate any course of action.

7. The Purchaser agrees that the report is provided "as is"; Mintel makes no representation or warranty with respect to the accuracy, completeness, or currentness; and Mintel specifically disclaims any other warranty, express or implied or statutory, including any warranty of merchantability or fitness for a particular purpose. Mintel shall not be liable on account of any such errors, omissions, delays, or losses. the purchaser agrees that in no event will Mintel be liable for the results of the purchasers use of the report, purchasers inability or failure to conduct its business, or for indirect, special, consequential, or exemplary damages (even if advised of the possibility of such damages) arising from the use of or inability to use the report or any other provision of this agreement, such as, but not limited to, loss of revenue, anticipated profits or business, or the cost of procuring a substitute report. in the event state law regarding exclusion or limitation of warranties or damages may limit the applicability of the above limitations, the total aggregate liability of Mintel for any claims, losses or damages shall not exceed the charges payable by the purchaser for the report.

The Purchaser agrees to indemnify, defend and hold Mintel harmless from and against any claim made by any third party arising from or in any way connected with the use of the Report by Purchaser.
